

Paycor Helps the World's Largest Photo Entertainment Website Manage Their People

Gillian Wilson, VP of HR, Chive Media Group

“ Paycor solutions give us the gift of time. Because they automated our EDI, payroll, HRIS, benefits enrollment and more, we can focus on our most important resource, our people. ”

Why Chive Media Group Left Their HR & Payroll Provider

In 2008, two brothers joined forces to create a photoblog for their friends and family. Little did they know, within 10 years their small project would become the largest photo entertainment website in the world. They've grown from two employees to more than 100, which created some HR challenges and time-consuming administrative tasks for the organization.

Prior to Paycor

Chive Media Group's previous HR provider had a myriad of technical issues. Over the course of 3 years, they never had an effective EDI connection, their benefits enrollment was error-prone and their payroll provider wouldn't take responsibility for new tax regulations. To make matters worse, manual HR processes and duplicate data entry took valuable time away from business leaders.

After Paycor

theCHIVE found an HR & payroll provider they could trust. With automated EDI, streamlined benefits enrollment and access to a team of dedicated tax experts, Paycor was able to give valuable time back to business leaders while ensuring compliance. Today, Chive Media can focus on providing a one-of-a-kind employee experience because Paycor provides best-in-class technology and expertise.

Challenges

- Manual timekeeping and payroll processing
- Unreliable EDI connection and benefits enrollment
- Poor customer service
- Lack of dedicated tax expertise

Solutions & Key Features

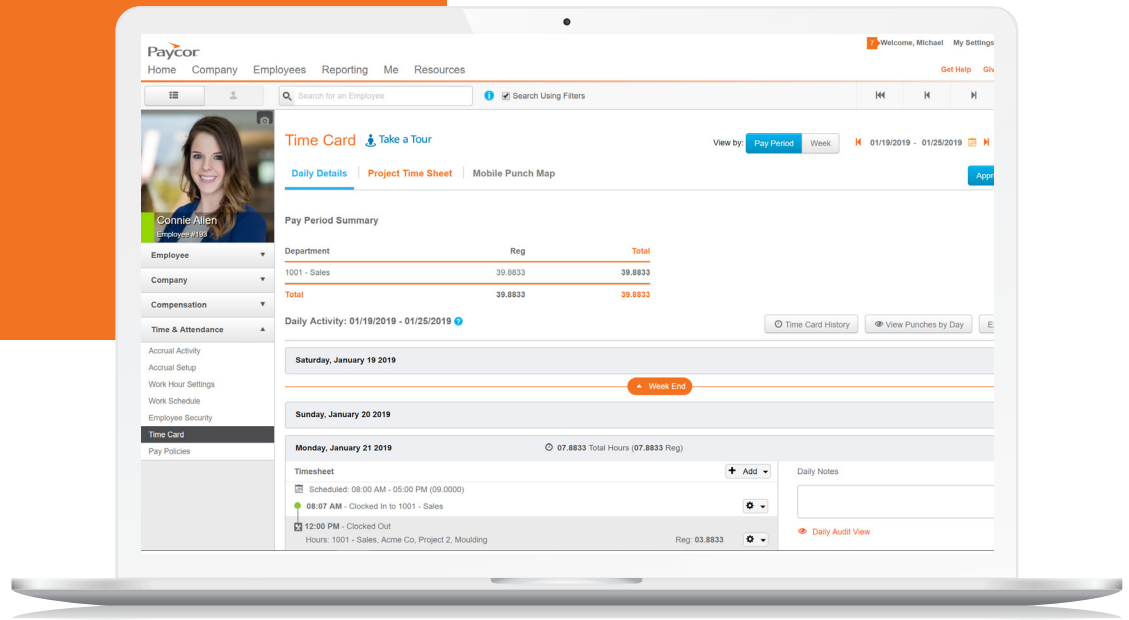

- Automated payroll
- Dedicated team of tax experts
- Employee self service
- Benefit integrations
- Streamlined benefits enrollment

8 Hours Per Pay Period

By partnering with Paycor and eliminating paper processes, HR administrators save up to 8 hours per pay period processing payroll.

Chive Media partners with Paycor to manage, pay and retain their people.

- Time & Attendance
- HR
- ACA
- Payroll
- Benefits

“Now we have time to pay attention to our people and we’re becoming a truly proactive HR team, instead of being stuck in manual systems all day.”

—Gillian Wilson
