Reap the Rewards of HR Services

It's harvest season, and your clients are looking to turn over a new leaf. They need expert HR support...but they don't want to hand over control of their business. And they don't have to. Paycor's HR Services offer expert support around everything from workplace safety to retirement planning, on the customer's terms.

Your Clients Stay in Control

Our model keeps your clients in the driver's seat. They keep their own tax accounts, fund payroll directly, and make every hiring, pay, and policy decision. Paycor experts fill in the gaps, offering insights and support only as needed. When they succeed, we all succeed together.

A Wealth of Resources

Paycor's HR Services give companies robust support without reshaping their business models. Your clients stay with the providers they've vetted and the brokers they trust, while our experts fill in the gaps as their companies grow.

Key Features

With Paycor's HR Services, your clients choose which types of support are right for them.

For example, they can:

- Receive personalized advice about HR challenges
- Connect with dedicated workplace safety experts
- Hand off retirement plan management
- Implement Employee Assistance Programs (EAPs)
